

# Welcome to the Net Zero Challenge Pitch Contest

# NET ZERO CHALLENGE

using open data for climate action

Supported by

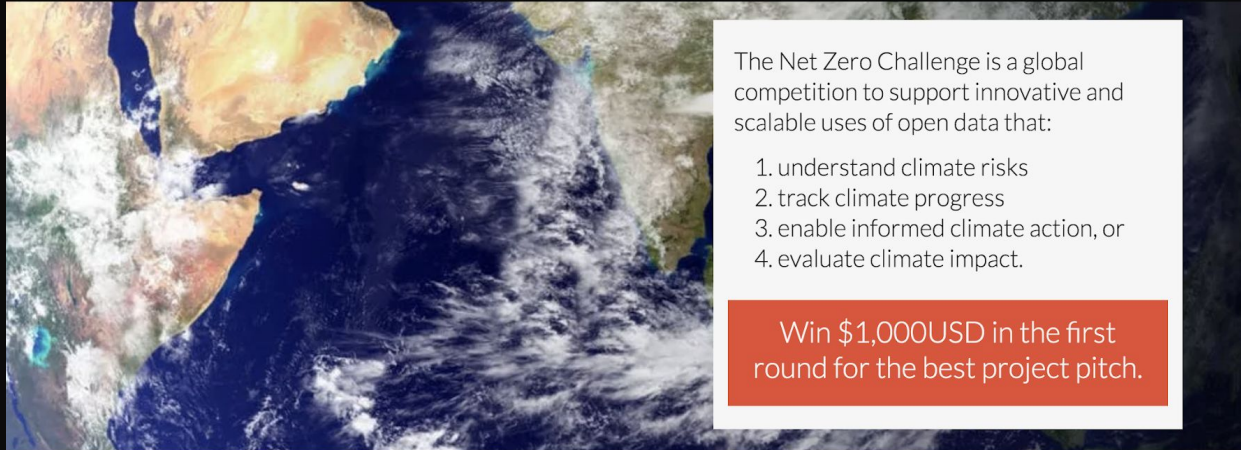

**Microsoft**

Foreign, Commonwealth  
& Development Office

Let's see if we can use open data to advance climate action.

netzerochallenge.info

The Net Zero Challenge is a global competition to support innovative and scalable uses of open data that:

1. understand climate risks
2. track climate progress
3. enable informed climate action, or
4. evaluate climate impact.

Win \$1,000USD in the first round for the best project pitch.

The Net Zero Challenge is an [Open Knowledge Foundation](#) project funded by [Microsoft](#) and the UK's [Foreign, Commonwealth & Development Office](#).
